**Elective Choices**

**Examine the senior elective sheet carefully.** You must have teacher or counselor approval for each of the elective options you select. After talking with your teacher or counselor, choose **FIVE** electives that you would be interested in taking next year. Write down the name of each choice on this sheet. Place the electives in order of preference. (For example, your first choice should go in the top blanks and your last choice in the bottom blank.) **Your teacher or counselor must initial their approval of your elective choices.** Students will be placed in electives according to availability of classes and seats. If your first choice is not available, you will be scheduled for your second choice and so on. If you do not choose five electives, and you cannot be scheduled for the electives you choose, you will be placed in an elective of the school's choice. **PLEASE SELECT CAREFULLY!**

**Students on a Dual or Tech Prep Diploma must complete 3 courses in one CTAE Program of Study Area. 12<sup>th</sup> graders should continue the CTAE program they began in ninth or tenth grade or if they have completed the 3 course requirement, should take an additional CTAE course. Please discuss selection with your counselor and CTAE teacher. Failure to meet this requirement may cause a delay in graduating**

**Special note: Students whose test scores are below grade level or who fall portions of the Georgia High School Graduation Test may be scheduled for required courses in math, language arts, or study skills in lieu of courses they selected.**

**Current Electives/Program of Study**
